Town & Country Airport Lubbock, Texas

12201 CR 2500 Lubbock, Texas 79404

Town & Country Airport is a 68 acre privately owned public use airport that serves South Lubbock County, and the surrounding Lubbock area. Town & Country offers a 3500' completely resurfaced asphalt runway with a 3500' taxiway adjacent to the runway. There are several hangars on the property used for aircraft storage, maintenance, or repair with six newer 120'x120' hangars completely insulated next to the 40'x50' two story terminal building that has been newly renovated. The terminal building offers all the amenities any pilot would desire including reception/ lobby and break area, weather/chart briefing room, bedroom, nine large offices, full kitchen, full bath and laundry facilities. Lubbock is located in the Texas Panhandle and is the center of a 26 county trade area. Texas Tech University, home of the Red Raiders boasting 28,000 students, state of the art medical services, and Cotton farming are key economic drivers for the community. Lubbock's population is 225,000.
